

Office of Governor Jay Inslee

COVID-19 Testing

Access to testing supplies has been a consistent problem.

COVID-19 Testing

More than 350,000 tests have been administered in Washington.

**If you think you are sick
GET TESTED**

Office of Governor Jay Inslee

Who Should Get Tested?

- **Anyone with even mild COVID-19 symptoms**
- **Household members and close contacts of a confirmed case**
- **Those living or working in congregate settings who were likely exposed to a COVID-19 outbreak**

**Stay home if you have any
COVID-like symptoms until you
receive a negative test result.**

Office of Governor Jay Inslee

How To Get Tested

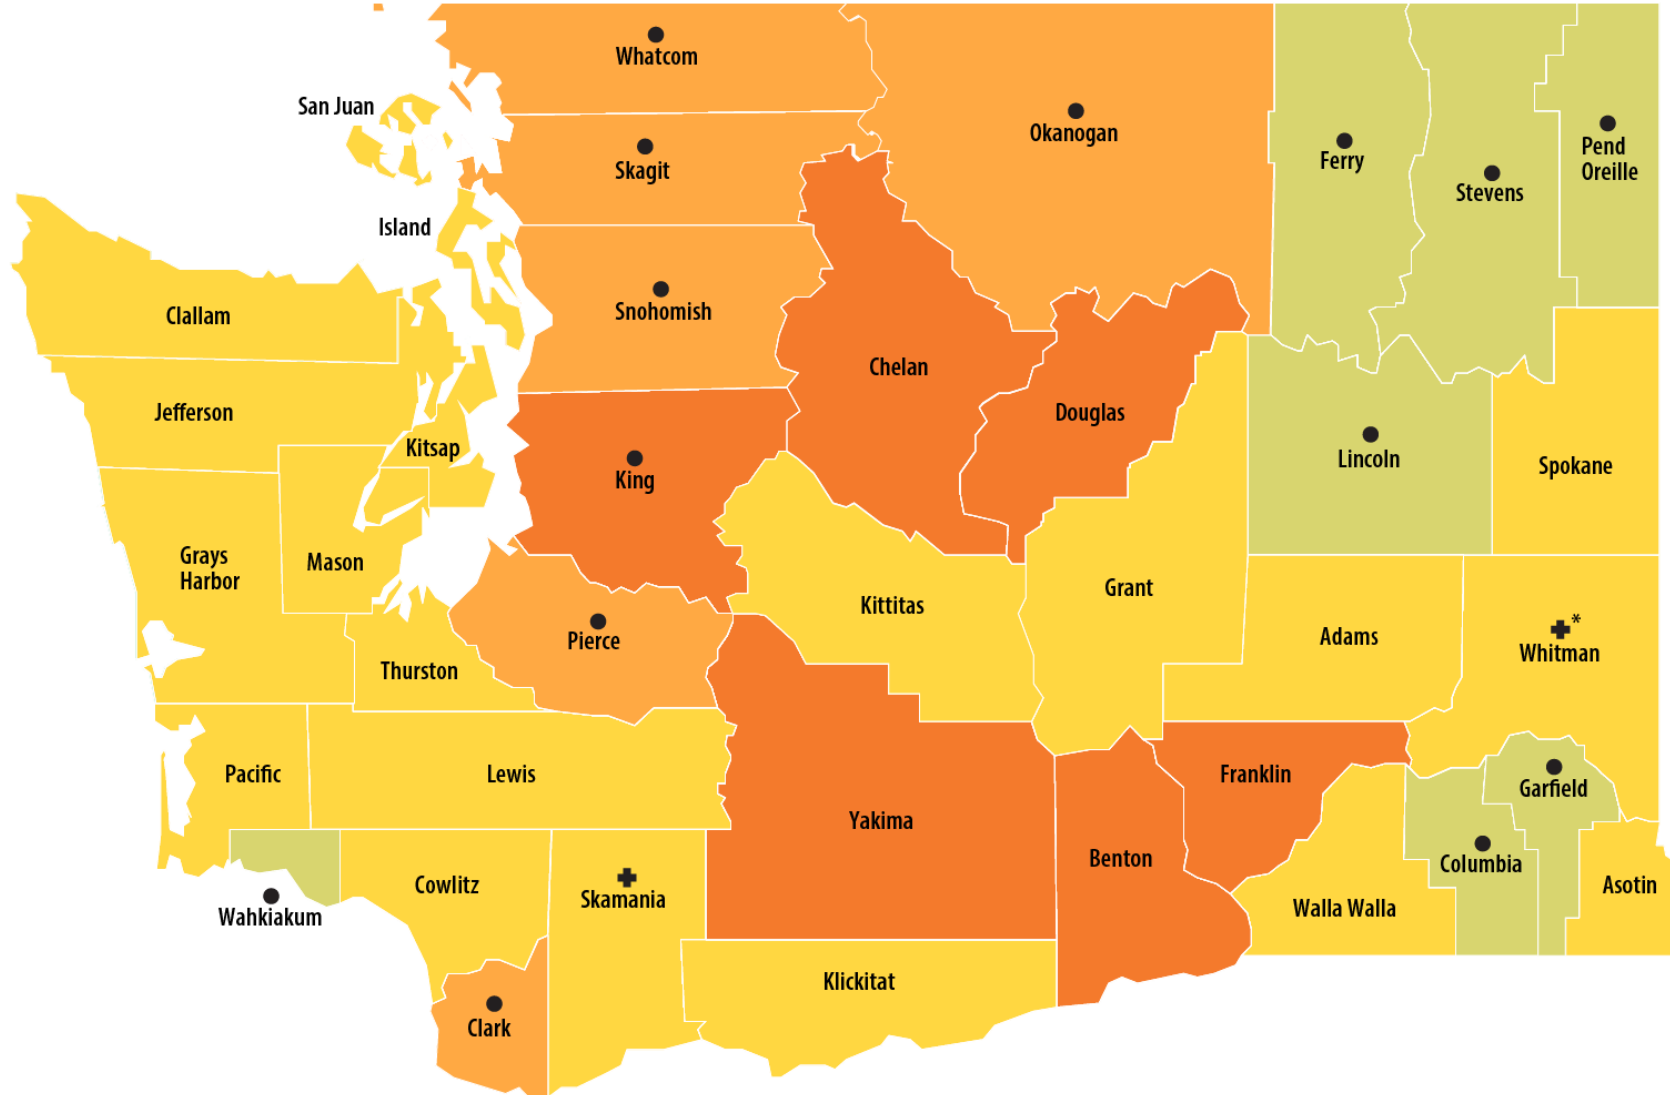

- 1. Call your doctor**
- 2. Visit a clinic offering drive-thru or walk up testing**
- 3. Additional options are available for those unable to seek health care through these channels**

- Applied for Phase 3
- + Eligible to apply for Phase 3

* Eligible on 6/5

Phase 3 Business Safe Start Template

Phase 3 Safe Start Plan Template

Each business or entity operating in Phase 3 of Safe Start Washington, must develop a written Safety Plan outlining how its workplace will prevent the spread of COVID-19 that is at least as protective as the requirements from the Department of Labor & Industry found [here](#). A business may fill out this template to fulfill the requirement, or may develop its own Safety Plan. **This plan does not need to be submitted to a state agency or County Public Health Department for approval** but must be retained on the premises of the business and must be made available to the Washington State regulatory agencies or local health or safety authorities in the event of an inspection.

Businesses are still required to follow the State's industry-specific guidance, if issued for your specific industry. For a list of regions and sectors that are authorized to re-open, as well as detailed guidance for each sector, please see Safe Start Washington — Phased Reopening County-by-County.

I. PEOPLE

A. Physical Distancing. To ensure employees comply with physical distancing requirements, you agree that you will do the following:

- Maintain minimum six-foot separation between all employees (and customers) in all interactions at all times. When strict physical distancing is not feasible for a specific task, other prevention measures are required, such as use of barriers, minimizing staff or customers in narrow or enclosed areas, and staggering breaks and work shift starts.
- Tightly enclosed spaces or small rooms will be occupied by only one individual at a time, unless all occupants are wearing cloth face coverings, masks or respirators. If occupied by more than one person, will keep occupancy under 50% of maximum capacity.

Office of Governor Jay Inslee

Wildfire Prevention

- Check local burn restrictions
- Know the current wildfire risk
- Properly put out campfires
- DNR lands ban fireworks and incendiary products
- More information at DNR.WA.GOV
