Mask Up, Washington.
High Risk Counties

More than 75 new cases per 100,000 residents over 2-week period.

- Strongly recommend distance learning
- Strongly recommend canceling or postponing all in person extracurricular activities
Moderate Risk Counties

More than 25 new cases per 100,000 residents over 2-week period.

- Recommend distance learning – middle/high school
- Possible in-person learning options – elementary
- Strongly recommend canceling or postponing all in person extracurricular activities
Low Risk Counties

Fewer than 25 new cases per 100,000 residents over 2-week period.

- **Encourage hybrid in-person and distance model – middle/high school**
- **Full-time in-person learning – elementary**
Other Considerations

All in-person instruction should be able to implement state recommendations and health requirements, e.g.

• Protect staff and students at high risk to complications from COVID-19
• Practice physical distancing, personal hygiene and cleaning and disinfecting of surfaces
• Etc.
All Counties

School and public health leaders should be prepared to monitor for and respond to suspected and confirmed cases of COVID-19.
Office of Governor Jay Inslee
Distance Learning Equity

The state will provide $8.8 million to help low income families buy internet plans and address other technology needs.
Mask Up, Washington.
Daily New Cases Per 100,000 Residents (7-day avg.)

Office of Governor Jay Inslee
Exceptions

At all levels of risk

• Schools should engage the families of students with disabilities, English language learners, students living in poverty, students of color and young students to determine how to best meet the health and education needs of these students and the community.

• Some in person-learning within the school building may be permitted and preferable if the health and safety guidelines can be put in place.
